

6.0 Transportation Routing Requirements

6.1 General Routing Requirements

- 1) Routing requests will continue to be sent to traffic@dswinc.com and MUST be submitted by the **“Cancel if not Shipped before”** date (referred to as “Cancel Date”). Requests sent after the Cancel Date are considered late and may be subject to cost reductions or cancellation.
 - a) Routing request needs to be sent in the Excel format provided
 - b) Freight cube needs to be accurate for proper trailer utilization or chargebacks may occur
 - c) Freight SHOULD NOT be routed unless it is physically on hand!
 - d) See below for an example as to where this date is on your “PO PDF.”

DSW must receive your routing request prior to Midnight EST on the “Cancel If not Shipped Before” date

- 2) Once the routing has been submitted you will receive a confirmation email from DSW Transportation (usually within 24-48 hours). Once approved and the carrier has accepted the load, all of the pertinent information needed to ship your PO's to DSW will be sent via email on the Shipper Load Report (see #3 below). These emails are auto generated and will be sent 3X per day (~8AM, Noon, and 4PM EST).
 - a) TMSID's/PO's will fall off of the report once they been checked in at a DSW facility
 - b) If the cancel date is before the beginning of the previous month (i.e. if today is 11/27 then cancel dates prior to October 1st will not appear on the report)
 - c) Actual arrival time at the pickup location has been entered by the carrier into TMS

- 3) The Shipper Load Report will be sent from the email address listed below
 - a) reports.natms@leanlogistics.com <noreply@tms.blujaysolutions.net>
 - b) Please be sure to check your spam folders if you do not receive this report

Ship to destination – May differ from destination listed on your original PO and must be reflected on the BOL

- 4) Once the Shipper Load Report is received, be sure to carefully review and ensure the pickup location is accurate. Advise DC-TMS@dswinc.com or traffic@dswinc.com if it is not. The pickup location is the location that was submitted on the routing request.
- 5) At a minimum, carriers may be assigned 48 hours before the start ship date to 48 hours after the cancel date.
- 6) All PO's must be shipped on the TMSID as indicated on the Shipper Load Report. Many times, multiple PO's will ship under the same TMSID.
 - a) If you have never received a Shipper Load Report, please email DC-TMS@dswinc.com or traffic@dswinc.com and provide the proper contact(s) email information for setup.
 - b) If no "Shipper Load Report" is received by 48 hours after the Cancel Date, reach out to DC-TMS@dswinc.com or traffic@dswinc.com. Timeline of Carrier tendering is at DBI's discretion based on needs of the business.
 - c) See page 1 for an example as to where the Cancel Date is on your "PO PDF"
 - d) In the event you have new contacts who need added to the Shipper Load Report, please email DC-TMS@dswinc.com.
 - e) Vendor should not assume their submitted routing request form will all ship together under 1 TMSID. You should not prebuild loads until a Shipper Load report has been received.

- 7) Carrier pickup appointments must be made within 24 hours after receiving the Shipper Load Report and picked up within 48 hours. Failure to contact the carrier and schedule the pickup, which results in late POs, may result in chargebacks or cost concessions.
 - a) **It is the vendors responsibility to call the carrier.** Some carriers may be proactive at times and reach out first. To ensure an appointment is made within 24 hours of receiving the Shipper Load Report it is best to reach out immediately to the carrier.
 - b) PO's will have a high probability of being cancelled if you do not have freight picked up within 48 hours as per guidelines stated above.
 - c) If after a 2nd attempt you cannot contact the carrier, email traffic@dswinc.com or DC-TMS@dswinc.com as last resort.
- 8) Vendor is required to identify the DBI TMSID number clearly and consistently on the BOL prior to carrier departure.
- 9) All PO's destined for BU58 (.com) should be loaded on the tail of the trailer if they are combined with any other BU (Business Unit).
- 10) **In order to schedule appointments or for questions, please refer to page 5 for current carrier contact information.**
- 11) **Be sure to ship to the DC "Drop Location" name and address which is on the Shipper Load Report (Example page 2), not on the original PO received from DSW.** DBI Transportation may change the destination based on business needs (CA or OH).
- 12) Vender Prepaid freight Process:
 - a) All processes above remain the same
 - b) The "Carrier Name" will be identified as "Will Call" on your Shipper Load Report
 - c) DBI transportation (traffic@dswinc.com) must still be notified of the Carrier/BOL.
 - d) These loads are expected to be able to be dropped or potentially live unloaded with notification. For live unloads the carrier should contact Doug Jenkins:
DougJenkins@dswinc.com
- 13) Small Parcel Shipments
 - f) If shipments are too small to ship via truck, DBI will choose to ship via small parcel
 - g) If the freight is being paid by DBI the Shipper Load Report will say "PAR1" under the "Carrier Name"
 - h) Utilize the information on Page 5 to ship these cartons.
- 14) If you have questions or issues, please do not hesitate to email DC-TMS@dswinc.com

"PAR1" Small Parcel Process – see next page

“PAR1” Small Parcel Process

Please ship all packages to:

DSW Inc.
4150 East Fifth Ave.
Columbus, OH 43219

Please ship through **FedEx** as a **Ground “Third Party Prepaid”** shipment on DSW’s account number **450740802**.

You may call **FedEx** at (1-800-463-3339), and provide DSW the tracking numbers by e-mail, (traffic@dswinc.com), or by fax (614-872-1559). If you have a **FedEx** Shipping System at your facility, you may use their online service for pick-up, if not, you may create an account and pick-up online at <http://www.fedex.com/us/>.

All Shipments must note the **DSW PO number** in the **PO Reference Field** of the **FedEx** online form. Your **TMSID**, (Transportation Management, System Shipment Identification Number) Number listed on your Shipper Load report **MUST** be entered into the “**Your Reference**” field from the **FedEx** Web Form.
