

11.0 Vendor Chargeback Policy

11.1 General Information

- The purpose of chargebacks is not to create revenue for the Company, but to recover operating
 expenses incurred for correcting vendor errors. This policy creates a means of feedback, ensures
 cost recovery, supports the goals of the Company, and allows everyone to share in the success of the
 Company.
- All vendor shipments delivered in error will be documented and be subject to the chargebacks as
 provided in Section 9.2. Additionally, a single vendor shipment with multiple errors may have each
 occurrence individually documented and charged back in accordance with Section 9.2.
- Requests for chargeback documentation must be submitted within 60 days. Any request for research
 on payment deductions over 6 months old may result in a chargeback.
- To request Company supporting documentation (i.e. photos, etc) related to a chargeback, please
 provide vendor personnel contact information to the Company's Vendor Compliance team via email
 (see Section 12). When submitting chargeback documentation requests, be sure to include the
 following information:
 - o PO number
 - o Deduction type (DM11, DM5, etc)

Upon receipt of request, the Company's Vendor Compliance team will forward supporting documentation within 72 business hrs.

- Any previously assessed chargebacks will adhere to the policies and procedures found in this guide.
- Any questions or concerns pertaining to chargeback issuance, negotiation, and/or refunds need to be directed to the Company's Vendor Compliance Team (see Section 12).
